

CONFLICT OF INTEREST FORM

Conflict of Interest Disclosure Form Federal Funds

As the HOME Department is a recipient of awards from the U.S. Department of Housing and Urban Development (HUD), it is required to develop policies ensuring disclosures. This disclosure form ensures any real or perceived conflicts are properly identified, and if necessary; waivers are requested from HUD for projects, where a benefit exists to promote the development of housing for income restricted households.

What is a conflict of interest?

A Conflict of Interest applies to any person who is an employee, family, agent, consultant, officer, board member, or elected official or appointed official of the organization receiving federal funds:

No employee, officer, board member or agent may participate in the selection, procurement, or be awarded of a contract supported by a federal award if they have a real or apparent conflict of interest. This responsibility also applies to the administration of awards, directly engaged in the lending of financial resources, including decision-making processes for project implementation, where real or perceived; and/or the gain of inside information resulting in the financial interest or benefit from the federal award. Such a conflict of interest would arise when the employee, officer, board member or agent, any member of their family, their partner, board member, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. Should you have questions or concerns, please reach out to your Multi-Family or Single Family Officer.

What needs to be disclosed?

This conflict of interest form should indicate whether the potential recipient (through an application for federal funds) has an economic interest in, or acts as an officer, director, owner, etc., from an entity whose financial interests would reasonably appear to be affected by the award of federal funds for the project. Personal, business, or volunteer affiliations which may give rise to a real or apparent conflict of interest, need to be disclosed.

How often does disclosure need to occur?

Minimally, at application for federally funded projects. In the event of acceptance federal funds, if there is a change within the project where there is a *real or perceived* conflict, the HOME Department should be notified to evaluate if a waiver needs to be requested.
