BIDDING PREFERENCES:

Preferences include, but are not limited to Section 3 and Minority Business Entities (MBE) and Women Business Entities (WBE). To learn more about what preferences apply to this project and qualifications please contact us. About Section 3: Because LEAP uses Federal funding opportunities to help in the construction of affordable housing there is a requirement to have a preference setting for businesses and individuals who qualify under the Section 3 definitions.

LEAP is a Non-Profit Organization creating new affordable housing throughout Idaho. We are striving to create homes that are beautiful, safe and sustainable. To do so, we need great contractors and subcontractors to partner with us to finish the job. Join us!
