MAKING A DIFFERENCE

The Foundation has invested more than \$5 million throughout Idaho to help enhance safe, stable, and affordable housing. This investment is possible thanks to sustaining contributions from the Foundation's creator, Idaho Housing and Finance Association, and broad support from businesses, foundations, and individual donors.

Annually, the Foundation invests more than \$800,000 in grants to strengthen communities across Idaho.

PROGRAMS ADDRESSING HOUSING NEEDS

EMERGENCY SHELTER

Homeless shelters and housing providers partner with the Foundation to increase their ability to provide life-sustaining services and short-term housing to more people in need. The Foundation matches community donations to strengthen programs that receive federal resources from the U.S. Department of Housing and Urban Development's programs.

HOMELESSNESS PREVENTION AND RAPID RE-HOUSING

Idahoans who live in rented homes and face eviction because of temporary economic, employment, or health crises receive support through a statewide network of providers. Personalized free counseling and short-term financial support helps clients avoid eviction or secure affordable housing. Veterans also have access to the Honor program to help eliminate a common barrier of not having enough savings for their rent or utility deposits to qualify for federal rental assistance. The deposit funds are continually recycled through the Foundation to help other veterans secure stable housing.

SELF-SUFFICIENCY AND ASSET BUILDING

Individuals and families become financially independent with the help of the Foundation through the use of a matched savings account that helps them build assets. Homeownership Promotes Economic Stability (HOPES) program participants are involved in case management and a minimum of 10 hours of financial training.

The program matches an individual's savings, enabling them to purchase a home in a more timely manner.

IT MATTERS TO JEFF

Jeff was able to keep his family together through a tough time in his life. With support from a local nonprofit that had funding from the Foundation to prevent homelessness, Jeff and his children were able to secure housing long enough for Jeff to regain his footing and self-sufficiency.

“Having homeless prevention support was a wonderful thing because it kept my children from going into foster care.”

—Jeff, Pocatello, Idaho

IT MATTERS TO US

Stable housing creates strong communities. Together we can help ensure those at risk are housed so they can be productive members of our community, adults can work towards self-sufficiency, and children can thrive in school.

“Wells Fargo appreciates the opportunity to work with the Foundation to provide safe, stable, and affordable housing. We’re proud to deliver critical resources, and it’s through collaborations like this that we’re able to make the most of those opportunities for Idahoans.”

—Jane Pavek, Vice President, Community Development Manager, Wells Fargo
