Disasters:

Declaration Number: NSP

Narratives

Areas of Greatest Need:

IHFA in its efforts to establish statewide areas of greatest need consulted primarily the Foreclosure Needs Scores provided by the Foreclosure Response project through www.housingpolicy.org, HUD provided foreclosure and abandonment risk score data, the mapping resources of TRF Policy Map, and local news articles. Additional resources were reviewed on a supplemental level through Realty Trac and www.foreclosures.com. IHFA has reviewed data that prioritized the statewide geographic areas of greatest need using the following criteria established in the NSP regulations: 1) Greatest percentage of home foreclosures; 2) Highest percentage of homes financed by a subprime mortgage; 3) Likelihood of facing significant rises in the rate of home foreclosures. The most specific data to be recently released came from the Foreclosure Response project obtained through HousingPolicy.org. This data set combined all the above criteria to form a single Foreclosure Needs Score and targeted the information at a zip code level across the state. IHFA reviewed the data and determined that Foreclosure Needs Scores ranging from 100.0 down to 10.5 represented the areas of greatest need around the state. Zip codes falling below 10.5 were considered below threshold. IHFA then took this data and performed a weighted analysis to calculate funding percentages. The data was then grouped into funding percentages by city and then county. It was decided that county-level funding would be the most effective method of distribution for NSP funds. County percentages that fell below 4.19% were grouped into a Balance of State percentage. Funding requests received once NSP is operational will be weighted based on this data, as NSP regulations mandate that the funds must be targeted to the areas of greatest need. As a point of interest, it was a clear mandate, no matter what source of data was reviewed, that Canyon County specifically Caldwell and Nampa, had the greatest percentages in the state by significant margins over other counties and therefore will receive the highest target of funds.

Distribution and and Uses of Funds:

The amount of funds appropriated under NSP to meet the 25% target to house families and individuals whose incomes do not exceed 50% of AMI will be no less than $4,900,000 (25% of the State of Idaho’s NSP allocation). In addition to homeownership activity, NSP1 will be utilized for rental housing. Permanent supportive housing follows definitions consistent with IHFA HOME and Housing Trust Fund. Funds may be used for transitional housing, which is considered a public facility, but cannot be counted toward the 25% low income set aside target.

Definitions and Descriptions:

Effective 12/22/15, the NSP 1 Substantial Amendment was amended and approved by HUD to redefine housing rehabilitation standards and acquisition/rehabilitation for homebuyer activity. Effective 10/5/12, the NSP 1 Substantial Amendment was amended and approved by HUD to add: NSP Eligible Use (E) Redevelopment; Demolished or Vacant Properties. Eligible types of facilities and improvements include facilities for persons with special needs such as facilities for the homeless or domestic violence shelters, nursing homes, or group homes for the disabled. CDBG Eligible Activity- Public Facilities and Improvements, 24 CFR 570.201(c) National Objective: LMMI, low-, moderate-, and middle-income households/Limited Clientele (LMMC): 24 CFR570.483(b)(2) The CDBG regulation stipulates that the facility benefit a specific targeted group of persons, of which at least 51 percent must be low- and moderate-income. For NSP, at least 51 percent must be at or below 120 percent of area median income, as evidenced by documentation and data concerning beneficiary family size and income. 

Effective 5/15/12, revisions to the Substantial Amendment were approved by the U.S. Department of Housing and Urban Development. The sections amended included: Definitions and Descriptions to Affordable Rents, ensuring Affordability and Housing Rehab Standards. NSP Information by activity included: Budget reduction of Foreclosed Vacant Lot Acquisition & New Construction Activity, Acquisition/Rehabilitation and Resale-Homebuyers, Acquisition/Rehabilitation for Homebuyer Activity, Shared Appreciation Loan Program, Acquisition/Rehabilitation-Rental, Foreclosed/Abandoned/Blighted Vacant lot Acquisition & New Construction and Redevelopment of demolished or vacant properties NSP eligible activities are a subset.
of the eligible CDBG activities: Establish financing mechanisms – done as an activity delivery cost. Purchase and rehabilitate abandoned or foreclosed properties Establish land banks, Demolish blighted structures. (Blighted Properties are defined as objectively determinable deterioration that is a threat to human health, public safety, and public welfare.) Redevelop demolished or vacant properties. Grantees may also request approval of additional eligible activities if those activities are in compliance with the NSF statute. Grantees cannot use NSF for foreclosure prevention activities or to purchase properties that are not abandoned or foreclosed. NSF can be used to purchase and redevelop FHA foreclosed properties. NSF funds cannot be used by grantees to buy tax foreclosed properties from themselves (e.g., properties already owned by the grantee and taken through local tax foreclosure). However, the grantee can pay for reasonable appraisal and title transfer costs for these properties. Rehabilitation Standards must comply with applicable laws, costs and requirements related to safety, quality and habitability. Income Eligibility: Grantees may only use NSF funds to benefit households at up to 120% AMI and below. Grantees must require each NSF assisted household to complete at least 8 hours of housing counseling. Eligible Use CDBG Eligible Activities A - Financing mechanism for purchase & redevelopment off

Definitions and Descriptions:
foreclosed upon homes & residential properties. Eligible Use B - Purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon, in order to sell, rent, or redevelop such homes and properties. Although Idaho is not participating in Eligible Use C, Land Banks, it is for homes and residential properties that have been foreclosed upon that an entity temporarily assembles, manages, and disposes of within a 10 year reuse plan. Eligible Use D -

Public Comment:
The draft NSF Plan for the State of Idaho was made available for public comment on November 14, 2008 on IHFA’s website. Legal notices were placed in all major newspapers across Idaho by November 14th requesting comments. A legal notice was also placed in Idaho’s Spanish newspaper, Idaho Unido, in both Spanish and English to be run on November 21st which was the next available edition. Additionally, the Plan was emailed to stakeholders across the State for public comment and made available for review in local libraries and IHFA’s branch offices located in Coeur d’Alene, Lewiston, Twin Falls and Idaho Falls. The comment period will run from November 14th - November 29th, 2008. Prior to the draft Plan, a meeting was held by the Governor’s Steering Committee for NSF on October 30, 2008 to preliminarily discuss the model outline to use for the set-up and distribution of NSF funds. Three funding scenarios were presented: 1) Direct funds specifically to CDBG Entitlement communities 2) Statewide NSF program distribution via applications and targeted to localities of greatest need and 3) Statewide revolving loan fund pool. It was decided at the meeting to incorporate Entitlement city sub recipients as an option under #2 and eliminate a direct fund to Entitlements. Prior to posting for public comment, the Governor’s Steering Committee met on November 13, 2008 to review the draft Plan before posting for public comment. The Committee unanimously approved the use of the county-level target data for distribution of NSF funds as presented. Some minor adjustments were made to activity budgets and additional clarifying language was recommended in regards to demolition and applicant notification requirements to local city government. During the public comment period, the Steering Committee met again on November 24, 2008 to discuss the public comments received to date and to approve and discuss modifications to the Plan as a result of those comments and further input from the Committee. Primarily these were changes to clarify the definition of “sub recipient” vs. “applicant;” clarify admin fees available to sub recipients and create a preference for entitlement cities; and describe in more detail the way in which NSF funds will factor into a transaction - whether upfront or reimbursement basis. This was the last planned meeting of the Committee prior to submission to HUD.

Low Income Targeting:
The amount of funds appropriated under NSF to meet the 25% target to house families and individuals whose incomes do not exceed 50% of AMI will be no less than $4,900,000 (25% of the State of Idaho’s NSF allocation). Developers will be required to purchase affordable homes with reasonable development subsidies to allow for resale to low income households. Developers are required to identify marketing techniques including, but not limited to, working with lenders to target 50% AMI or lower applicants looking to purchase a home. Funds may be used for transitional housing, which is considered a public facility, but cannot be counted toward the 25% low income set aside target.

Acquisition and Relocation:
IHFA will minimize relocation by requiring a 90 day vacancy prior to property acquisition. Use of NCST is encouraged to purchase foreclosed/abandoned homes at the lowest allowable purchase price.

Demolition will be discouraged unless related to health and safety concerns regarding blighted property. IHFA may use NSF funds for the purposes of converting properties to low-and-moderate-income dwelling units.

Activity Description:
This activity's only purpose is to hold Program Funds from an inactive Partner to be able to pay-down on an active Partner who has expended all of their Program Funds because the funds in the Program Income Pool have all been expended. These funds are really Program Income funds because IHFA has expended over and above the initial $19,600,000 grant.
