4. PATH Peer Specialists Survey Process:

- a. Peer specialists will administer the PIT Count survey to everyone they talk to during the week of the count. They will need to attend your trainings and get surveys and incentives.

They should be surveying everyone they come into contact with that week during Street Outreach. Employed by Jannus, they work only 19 hrs a week. Every region in the state does Street Outreach or serves At Risk of Homelessness AND has a mental illness to qualify for the PATH program. Regions will work on getting the PATH Peer Specialists together.

The list of PATH Peer Specialists for each Region is attached to the end of this document. IHFA can get the surveys to them but the incentives would be regionally distributed. We can give the list of the trainings for each region to the PATH Peer Specialists.

Need volunteer liability forms signed.
