Idaho's 14th annual Point-In-Time (PIT) count was conducted for the night of January 31st, 2018, by the Balance of State Continuum of Care (CoC) (Regions 1-6) and Boise City Ada County CoC (Region 7) and coordinated by Idaho Housing and Finance Association (IHFA). The primary goal of the PIT count is to provide a one-night "snapshot" of the number of homeless persons who are either living on the streets, in places not meant for habitation, or are currently residing in emergency shelters or homeless transitional housing projects. HUD's definition of homelessness for the PIT count does not include persons who may be staying with friends or relatives, in a hotel/motel, in a treatment facility, in jail, or in Rapid Re-housing or Permanent Housing project for formerly homeless persons.
