Dear Mayor or County Commissioner:

Over the next five years, the Idaho Department of Commerce (Commerce) anticipates receiving nearly \$35 million in federal Community Development Block Grant (CDBG) dollars. Commerce is in the process of developing a five-year consolidated plan on how to target these funds. The funds are eligible for Idaho cities and counties to construct public facilities and infrastructure that - serve a community that is at least 51% low-to-moderate income; eliminate blight conditions; or repair infrastructure damaged by a disaster. CDBG funds can also be used to expand public services that serve primarily low-to-moderate income residents.

Your completion of this survey (the following three pages) will help Commerce facilitate the planning and guidance of the 2020-24 CDBG Consolidated Plan.

Please return the survey in the self-addressed stamped envelope by July 22<sup>nd</sup>. If you have any questions, please contact CDBG Manager, Dennis Porter at (208) 287-0782.

I (we) represent City of \_\_\_\_\_ - or - County of \_\_\_\_\_

The following is the current CDBG funding set-asides. Please indicate (circle) the level of need for each set-aside for your City or County on a scale of 1 = (Low) to 5 = (High).
